# Takaful

## Preserve for the future

The primary goal of Markaz is to raise orphans and poor students and provide them with a promising future. We have provided care and shelter to thousands of families in the last forty-five years. Markaz has been doing excellent Humanitarian service for students through hundreds of educational institutions, including education, food and shelter. Takaful is a scheme that we have devised to sponsor our students regularly. I seek your cooperation with this project at your capacity and convenience. Takaful has been systematically active for the past ten years. Being a Takaful member, you can become a Markaz family member. Through this sustainable developmental perspective, we have a great duty to elevate the educational future of our society ahead. All of us should be part of the Takaful scheme today itself. May the Almighty Allah accept all our contributions. Ameen

**Sheikh**
